Christmas Tree Decoration

For this craft, you will need the following items out of your craft bag:

- Gold cardboard disc
- Wool
- Ribbon

Step 1: Use a small piece of scrap card (from a cereal or biscuit packet) to make a bobbin. Either just wind the wool around the card or cut out little triangles on the ends and wind the wool around lengthwise.

Step 2: Thread one end of the wool through the disc and tie a knot to keep it in place.

Step 3: Once the wool is attached to the disc, wind the thread in and out the hole in the disc, so the wool is slowly covering it. You can decide how much or little wool you want to use. The gold disc can shine through or be completely covered, it's totally up to you!

Step 4: Leave enough wool to make a loop so the disc can be hung up. You may need to ask someone to help you make a knot to form the hanger.

Step 5: Wrap the piece of ribbon around the knot to cover it.
(Tip! You can ask someone to hold the ribbon in place with their finger while you tie the knot or you hold it and they tie the knot.)
You can either make a bow or simply curl the ribbon with the blunt edge of some scissors.

Step 6: Your decoration is now ready to hang on the Christmas tree or by a window.
You can also decorate your disc further with stickers or even small photographs if you wish to give it as a gift.
